

NEWS ANNOUNCEMENT

For Immediate Release

Softlinx Becomes IBM Advanced Business Partner

Our Commitment to Working with IBM Offers Recognition and Access to Expanded Partner Resources and Services from IBM for the Benefit of Joint Customers

North Billerica, MA (January 21, 2008) –Softlinx Inc. (www.softlinx.com), an industry leader in enterprise fax messaging, content management and electronic document delivery solutions has achieved Advanced Partner status within IBM's PartnerWorld program—a worldwide IBM partner marketing and enablement program that delivers valuable benefits to help ISVs succeed in the marketplace and strengthen their relationship with IBM. The membership advancement is reflective of Softlinx' continued sales, marketing and product development contributions to IBM and the optimization of Softlinx' ReplixFax solutions for IBM's computing platforms including the certification of its software as IBM Server Proven, and tight integration with IBM Lotus Domino messaging platform.

The Advanced Partnership Status will provide Softlinx with access to a more comprehensive assortment of technical, business and marketing services from IBM. In addition to these benefits, Softlinx will receive exclusive Advanced Partner access to the IBM business partner emblem and e-business logo, invitations to IBM's annual PartnerWorld Conference, and hands-on technical experience through standard or customized IBM workshops.

“We are very excited about our enhanced partner relationship with IBM,” said Dr. Hikyu Lee, Chief Executive Officer of Softlinx. “Building on a history of working with IBM, Softlinx will continue to provide the most reliable and scalable enterprise fax messaging solutions for IBM Lotus Domino users.”

Softlinx provides reliable, scalable network fax server and software products based on Internet and three-tiered distributed architecture. ReplixFax for Domino, selected by IBM as their internal email/fax solution, is being deployed in over 10 countries within IBM globally. It is tightly integrated with Domino directory and can be implemented in a high availability clustered configuration.

About Softlinx

Softlinx is a premier provider of network fax and electronic document delivery solutions to major corporations worldwide. With its ReplixFax enterprise fax server, DocuRouter intelligent document delivery platform, Document Connector products, and Oracle ECM consulting services, Softlinx delivers fast, quantifiable return-on-investment (ROI) to its customers by improving business efficiencies and eliminating costs associated with manual inefficiencies of handling unstructured content. Founded in 1993, Softlinx, Inc. is a privately held corporation headquartered in North Billerica, MA. For more information, visit www.softlinx.com.
