

## NEWS ANNOUNCEMENT

*For Immediate Release*

### **Softlinx Earns Oracle Certified Partner Status**

*This Elevated Status Allows Softlinx to Deliver a Higher Level of Service to Oracle Enterprise Content Management Customers with Strong Support and Resources from Oracle.*

**North Billerica, MA (December 18, 2008)**—Softlinx Inc., a leader in e-document delivery and content management solutions, today announced its status as Certified Partner in the Oracle® PartnerNetwork (OPN). Oracle reserves the status of Certified Partner for companies that have demonstrated a high level of Oracle product understanding and technical knowledge, as well as an ongoing commitment to Oracle solutions. This elevated designation allows Softlinx access to a higher level of service from Oracle, particularly in the areas of software, development, technical support, education, sales, and marketing.

“As a fast growing Oracle content management consulting services provider, Softlinx maintains a close relationship with Oracle Corporation,” said Hikyu Lee, President of Softlinx. “Softlinx’s ability to deliver a higher level of service to its customers on Oracle enterprise content management (ECM) implementation and application management services is vastly accelerated with the advantages of this partnership.”

Softlinx joined a small group of select companies who can provide Oracle ECM services in the areas of document management, records and compliance management, web content management and imaging solutions. In addition to these implementation services, Softlinx’ document connector software seamlessly integrates with the Oracle Content Server to extend Oracle ECM capabilities for ad-hoc document scanning, electronic capture of fax and email messages into the Oracle Content Server.

#### **About Softlinx**

Softlinx is a leading provider of electronic document delivery and content management solutions to major corporations worldwide. With its ReplixFax enterprise fax server, DocuRouter intelligent document delivery platform, Document Connector products, and Oracle ECM consulting services, Softlinx delivers fast, quantifiable return-on-investment (ROI) to its customers by improving business efficiencies and eliminating costs associated with manual inefficiencies of handling unstructured content. Founded in 1993, Softlinx, Inc. is a privately held corporation headquartered in North Billerica, MA. For more information, visit [www.softlinx.com](http://www.softlinx.com).
